Of Special Note: Adults Entering and/or Exiting South Africa and Namibia with Minor Children

South Africa and Namibia have instituted requirements for adults travelling with children under the age of 18.

Parents travelling with children will be requested to provide an official birth certificate that includes the details of the full name of both the child's father and the mother of all travelling children. This applies even when both parents are travelling with their children and it also applies to foreigners and citizens of South Africa and Namibia alike. When children are travelling with guardians, these adults are required to produce affidavits from parents providing permission for the children to travel. All documents must be in English.

Both parents travelling with child:

- When both parents are travelling with a child, such parents must produce an official birth certificate that includes the details of both the child's father and mother. *Note: In South Africa only, this requirement is waived if the child and both parents share the same surname.*

One parent travelling with child:

- In the case of one parent travelling with a child, he or she must produce an official birth certificate that includes the details of both the child's father and the mother. In addition, the parent must produce one of the following:
 - If the travelling parent has shared legal custody of the child: Consent in the form of an affidavit from the other parent registered as a parent on the birth certificate of the child authorizing him or her to enter into or depart from South Africa and Namibia with the child he or she is travelling with.
 - If the travelling parent has sole legal custody of the child: A court order granting full parental responsibilities and rights, or legal guardianship, in respect of the child, if he or she is the parent or legal guardian of the child; or where applicable, a death certificate of the other parent registered as a parent of the child on the birth certificate.

Child travelling with persons who are not their biological parents, for example adoptive parents, grandparents or persons given the parents' approval to enter into or depart from South Africa and/or Namibia with child:

- Where a person is travelling with a child who is not his or her biological child, he or she must produce a copy of the official birth certificate that includes the details of both the child's father and the mother.
- An affidavit from the parents or legal guardian of the child confirming that he or she has permission to travel with the child.
- Copies of the identity documents or passports of the parents or legal guardian of the child.
- The contact details of the parents or legal guardian of the child.
- Where applicable: copy of an adoption order, death certificate or a court order granting full parental responsibilities and rights /legal guardianship in respect of the child.

COVID-19 COUNTRY ENTRY REQUIREMENTS & TRAVEL ADVISORIES

Namibia currently has no COVID-19 vaccination or testing requirements for entry for U.S. and Canadian residents. Visit the U.S. Department of State at travel.state.gov or the Government of Canada at travel.gc.ca/travelling/advisories for up-to-date information and travel advisories. All requirements are subject to change.

YELLOW FEVER VACCINATION & MALARIA PREVENTION

A yellow fever vaccination is only required to enter Namibia if you are arriving from, or have transited through, a yellow fever-endemic area in South America or Africa. The CDC and WHO each provide a current list of all affected countries. If vaccination for yellow fever is necessary, you must carry an International Certificate of Vaccination provided by your physician; you may be denied entry without it. If your physician advises against receiving the vaccination because of your personal medical history, he or she can provide you with the necessary documentation for the country/countries you are visiting.

You may be travelling to an area of malaria transmission. We strongly advise that you speak with your doctor or travel clinic regarding your itinerary, individual risk assessment and options for mosquito bite prevention and antimalarial drugs. We recommend filling any prescriptions before you depart.

CASH & CREDIT CARDS

Cash transactions should be made in Namibian Dollars. Major credit cards are widely accepted at shops, hotels, safari lodges and restaurants. Access to ATM machines is widespread in Windhoek and other larger cities but limited in rural areas.

OF SPECIAL NOTE: PLASTIC BAGS IN NAMIBIA

The government of Namibia has implemented a ban on plastic bags in all game parks and reserves. The ban applies to "carrier and flat bags," primarily targeting bags from shops and grocery stores, but also extending to Ziploc bags, duty-free bags and bubble wrap. If tourists have those types of bags visible upon entry into any national park or reserve, they will be confiscated. As a result, we recommend that you travel with bags designed for multiple use, such as zippered cosmetic bags, as they are not included in the ban.

PACKING LIST & BAGGAGE RESTRICTIONS

On flights within Namibia, each passenger is limited to a maximum baggage weight of approximately 33 pounds (15 kilograms). This includes the weight of purses and camera equipment in addition to regular luggage. Luggage restrictions are adhered to very strictly and passengers should pack their bags accordingly. Soft-sided luggage or duffels are preferable to hard luggage for storage on safari vehicles and also on aircraft used throughout Southern Africa. Dimensions should not exceed 23 inches (58 centimeters) long x 13 inches (33 centimeters) high x 10 inches (25 centimeters) wide. As a convenience, A&K provides each safari guest with a

complimentary, custom-designed A&K Duffel. This bag is specifically crafted to meet airline standards.

Please use the provided A&K luggage tags, even if your bags already have ID tags. This makes it easier for A&K staff to collect and manage your luggage for you.

Clothing

Choose comfortable and casual clothing in natural, "breathable" fabrics and versatile styles that can be layered as temperatures may vary considerably in the course of the day. For game viewing, wear neutral colors (though not camouflage, which is illegal in most national parks and reserves). Black, navy or other dark colors tend to attract insects. Smart casual attire is appropriate for evenings. Formal clothing is not necessary.

- Casual slacks
- Walking shorts
- Polo shirts, casual short-sleeve shirts or blouses
- Long sleeve shirts or blouses
- Comfortable walking shoes with traction
- If you are travelling during Africa's winter months of mid-May through early September, bring warm clothing —heavy sweater, hat, gloves, lined jacket —to protect against chilly early morning and evening temperatures
- A pair of rubber beach sandals to use as slippers.
- Brimmed hat for sun protection
- Swimwear/cover-up
- Personal garments
- Sports bra for women for bumpy roads
